### **ARTIST STATEMENT**

I am a colorist. Color is what intrigues and excites me. Years ago I switched from oil to watercolor. As John Marin said when asked how to get good at watercolor, "Do it every day for three years, and you MAY get the hang of it." I hope I have.

I share my work in remembrance of my beloved friends and Cos Club artists Antoinette (Toni) Seymour and Connie Moore. Oh, how they would have loved to be here, and how we loved them.
